

# When the Road Seems Long

E B G#m F#  
When the road seems long and life is filled with pain  
E B G#m F#  
When it all goes wrong, and every day it's just the same  
C#m G#m F#  
You bid me come and lay my burdens down  
C#m G#m F#  
To turn my eyes away from earthly things  
E B G#m F#  
And set my mind upon the one who dwells on high

C#m G#m E F#  
In my brokenness I'm finding it's Your love that makes me whole  
C#m G#m E F#  
In my sickness You're revealing You're the healer of my soul  
E B G#m F#  
You're the God who made the heavens, and the God who created me  
E B G#m F# B  
So in all things I will trust You, You are good, You are strong and You love me

E B G#m F#  
When I turn from You in disobedience again  
E B G#m F#  
When my sins undo the joy I feel within  
C#m G#m F#  
You bid be come and lay your burdens down  
C#m G#m F#  
To fix my eyes upon the cross of Christ  
E B G#m F#  
And set my mind upon the One who sets me free

E F# B/E E  
Father give me faith to trust the goodness of Your plan  
E F# B  
When the road is hard and I don't understand  
E F# B/E E  
Your ways are not my ways and You hold wisdom in Your hand  
E F# B  
Lord help this needy, unbelieving man
